

*It's easy to earn money for your school!*

*Rebate to Educate* is an innovative fund-raising idea for schools. The program is based on students buying School Issue shoes, collecting coupons and returning them to Trimfoot Co. LLC for a \$1.00 per pair donation made directly to the school.

Many private schools have a difficult time of having the extra funds to maintain educational programs or offer extra learning opportunities for their students. *Rebate to Educate* is an easy way for schools to earn money for important student necessities and involves very little time.

The great part about the *Rebate to Educate* program is that no matter where the student buys the School Issue shoes, the school will get the credit towards the program. All the student needs to do is bring the coupon from the shoebox lid to the school. The school will then collect and send the coupons to Trimfoot for redemption. It's that simple!

Why School Issue footwear? School Issue offers classic and timeless styles and in a variety of colors. Our footwear is constructed with leather uppers for durability and with many support features for superior foot health and comfort. An important feature is that all School Issue footwear has NON-MARKING OUTSOLES.

School Issue footwear can be purchased at your local retailer or uniform company. School Issue is in stock in our warehouse and available to ship within a few days to any retailer. Students can also directly order shoes from the School Issue website.

Nothing makes more sense than for your students to wear School Issue footwear--great product, great value and a great way for your school to make money. It's so easy!

If you would like more information for your school to participate in this easy, no-risk fund raising opportunity, contact Trimfoot Co., LLC at 1-800-325-6116.
